## To Whom It May Concern

It is to certify that “**Youth Development Organization**” [YDO] had implemented Disaster risk reduction and Response projects under the umbrella of local CSOs network in Rajanpur district since 2011 to 2015 with Plan International Pakistan.

Plan’s DRM key objective was to strengthen communities’ awareness and resilience to flood related risks in targeted Union Councils of at least six Districts along Indus River and one neighboring river Sutlej through local CSOs network. Rajanpur was one of the target district where YDO along with 4 other local CSOs established Child youth groups and disaster management committees in 25 villages and helped them to prepare their contingency plans and enhance their awareness on disaster risk reduction. These CSOs including YDO also contributed in Plan International’s timely response during 2012 and 2015 floods in Rajanpur district.

Plan International Pakistan acknowledges and appreciates the efforts of Youth Development Organization in supporting children and community’s preparedness for disasters. We wish them all the success in their future endeavors.
